About Journal

IARS' International Research Journal (I'IRJ) is half yearly published, peer reviewed (refereed) international research journal managed by International Association of Research Scholars (IARS). Since 2011, IARS' International Research Journal (I'IRJ) has been published online as well as in print with unique ISSN issued by Australian ISSN Agency registered for indexing with National Library of Australia.

IARS' International Research Journal is managed through eJournal Management System known as "Research-Curie", that is an initiative of IARS to automate the publishing workflow for IARS' International Research Journal. Research-Curie (<http://research.iars.info/index.php/curie>) serves as a framework for managing and monitoring the workflow of IARS' International Research Journal for its manuscript submission, expert reviews, copy-editing, layout-editing, publishing, citation, indexing, and archiving. It automates its indexing and archiving with different archives based on OAI-PMH protocol.

IARS' International Research Journal (I'IRJ) is indexed with Google Scholar, CiteSeerx, OCLC, WorldCat, Bielefeld Academic Search Engine (BASE), Open Archive Initiative (OAI), and many more. IARS' International Research Journal is listed in the list of the journals following ICMJE Recommendations.
